Numancia, Tiermes and Uxama are examples Soria (Spanish Edition) Romanised Celtiberian towns which today make for interesting archaeological visits, and the Museo Numantino in Soria is one the best archaeological museums in the country. Many villages in the wine-producing area along the Douro conserve the remains of entire areas given over to wine cellars and grape presses, which offer a fascinating sight, most notably at Recuerda and Atauta.

Summers are dry and warm average. With some light industry in the largest towns, The province's natural setting comprises a surprising variety of landscapes with many different types of woodland, mountain, moorland and river-valley ecosystems. The area of Soria was inhabited by the Iberians Soria (Spanish Edition), who merged with the Celts to form the Celtiberians around the 4th century BC. In our municipality the population density is 3. Life in Soria today For centuries, Soria has been a quiet agricultural province, and the fields and villages of western Soria bear constant witness to its rural heritage.
