It was okay at first, honestly. This novel is complex in that it is more that about a society facing impending disaster. To this day it still stands as the only book apart from The Fault in Our Stars I would never recommend to a single person.

Feb01,RaerateditreallylikeditShelves:Eli is a reactionary character, so reading from his POV can be a little frustrating; though he asks the big questions, he is otherwise thrust into events by the machinations of. It's the story of one of the heirs of the only company left in the US.
