The primary and secondary missions of the sniper were mentioned at the beginning of this class. To convert mils to minutes of angle, multiply minutes mils by 3.

Pointing at eyes; meaning look, see, observe. Be able to understand the proper methods or leading a target at ranges of yds. The position must be located within effective range of the expected targets and must afford a clear field of fire.

If it is a man's livelihood to live by hunting, he will usually be very adept at it. One thing for certain is that the SEAL sniper can self spot and make rapid assessments of where to place the next shot ALL without a spotter.
