In person-centered care, it is surely appropriate to acknowledge individuals have the same right in regard to their health decisions and behaviors. We carried out thematic analysis of the notes, reflexive diary, interview transcripts, and programme documents. Carer at the introductory event: A framework for the responsible use of the nudge approach. User Involvement in Health Care.

We purposively selected service user interviewees to include a range of people. At this point on the paper takes the form of an umbrella protocol for the condition-specific studies that will implement our approach. In the light of this, our paper has had two purposes.
