Matthew rated it liked it Jan 11, One of the best books I have read where a new series of crime stories is begun and I can not wait just for the sequel but hope these stories last throughout this decade and Rocco is spoken of and compared with the likes of Maigret, Rebus and Wallander.

The story unfolds at a fast clip, tugging the reader along, and the plot has a nice twist.  
Dec 10, Donita rated it liked it. James Hilton rated it really liked it May 08, Not everything is as it seems though as he quickly finds himself embroiled within a vast conspiracy, as he works against the clock to uncover the truth behind a murder.

I liked the connection to the French fighting in Indochina. Every 2 weeks we send out an e-mail with Book Recommendations. This is a classic in the making from an author who understands his craft and delivers more than any reader could ask or expect.
